Power Failure Light
Plug in unit that turns on the light when power is lost
Operates for 1 hour before needing recharging
Table pusher mounted on the front caster, support on a ZTR mower
Lazy Susan Base
Units used for painting refuse drums
A device for driving rigid conduit (pipe) under walks and drive ways
Snow Fence Roller

Materials:
- 2x8 Board for Base
- ½” Plywood for Sides
- 3” PVC Pipe as Roller
- 2x4 Wood for Bracing
- ½” Threaded Rod for Handle

Cut a ½” Slot in the PVC pipe so that snow fence can be placed into the pipe before rolling. Pull PVC pipe out of the frame to release the rolled up snow fence.
