TOWN OF PLAINFIELD RECREATION AND AQUATIC CENTER INCLUDING SPLASH ISLAND WATER PARK
BACKGROUND OF FACILITIES
Dates of Initiation

- Recreation Center Opened in March of 2004
- Splash Island Water Park Opened in June of 2004
- Indoor Aquatic Center was completed and opened in March of 2005
INNOVATION
• Splash Island project became the Largest Aquatic facility in the Greater Indianapolis Area.

• Recreation Center was created with the visitor in mind and ensured available space for all physical activities.

• Was built under the highest scrutiny and attention to detail. The most unique design framework was used in construction.

NEED FOR PROJECT
TOWN OF PLAINFIELD
Source of Community Pride
• Lack of physical training resources in Plainfield and surrounding areas.
• Area was low on facilities for swim lesson instruction and aquatic programming opportunities.
• Desire for conference space and facilities for group engagements.
• Shortage of wholesome recreational opportunities for area adolescents.
• Need for opportunities for leagues, aerobic classes, and other various resources.
• Facility for birthday parties, wedding receptions, and celebratory functions.
PROJECT FUNDING
Expenditure Breakdown

• $25 million = Total Project Investment

• $5 million - Infrastructure and Land Development

• $20 million - Facility Construction (including $3.5 million for Splash Island Water Park)
• Funded entirely through Bond Issue passed by Plainfield Town Council
RESOURCE TO TOWN
Use of Facilities
